

# Through Your Eyes New York in the 1800s

## Browsing Notes

In order to find out the kinds of images available on your topic at The Picture Collection Online you select the “Browse” button on the main page of the site. You find that in that section there are several ways to locate images but find the best way to start is by looking at the titles of the folders in which the images are housed and to look through the subject headings used to organize and catalog the images. You take notes on what you find in these two areas of the Browse section in the form below.

Folder or Subject Selected?				
Why Selected?				
What's Inside?				
What images look interesting?				
Why do they look interesting?				
What information is available on each image?
